

Production Environment Replica Test

1 Dynamic Report Test

See [site](#)

1.1 Testing Production Environment

This test replicates your exact production setup to identify why Plot C fails.

1.1.1 Plot C Visualizations (Exact Production Code)

```
$plot_C_n  
[1] 1
```

```
$plot_C_x1  
[1] 3
```

```
$plot_C_annotation_1_1  
[1] "fig-C-1"
```

```
$plot_C_annotation_1_2  
[1] "Production Test Survival Analysis"
```

```
$plot_C_annotation_1_3  
[1] "Testing exact production environment"
```

```
$plot_C_annotation_1_4  
[1] "Treatment Survival Panel"
```

```
$plot_C_annotation_1_5  
[1] "Stage Survival Panel"
```

```
$plot_C_annotation_1_6  
[1] "Complete Survival Analysis"
```

```
$plot_C_Notes_shared  
[1] "This survival analysis tests the production environment exactly. See @fig-C-1 for details."
```

This survival analysis tests the production environment exactly. See Fig. [1.1](#) for details.

See Fig. [1.1](#).
